20 mm | A4 at 100% / actual size | Flip on long edge | front 1/4

REVERSE / SPELL

Compelled Duel

DESCRIPTION

One creature you see in range makes a Wisdom save. On a failure, it has Disadvantage on attack rolls against other creatures and cannot willingly move to a space over 30 ft. from you.

Ends if you roll an attack against another creature, cast a spell on a different enemy, finish your turn over 30 ft. from the target, or an ally damages it.

REVERSE / SPELL

Command

DESCRIPTION

Choose one creature you see in range. On a failed Wisdom save it obeys one command next turn:
Approach — takes the shortest, most direct path to you. Its turn ends if it gets within 5 ft.
Drop — lets go of everything it holds and ends its turn.
Flee — spends its turn getting away from you as fast as it can.
Grovel — goes Prone and ends its turn.
Halt — neither moves nor takes an Action or Bonus Action.

AT HIGHER LEVELS

One more creature per slot level above 1.

REVERSE / SPELL

Bless

DESCRIPTION

Choose up to three creatures in range. While blessed, each adds 1d4 to every attack roll and saving throw.

AT HIGHER LEVELS

One more creature per slot level above 1.

REVERSE / SPELL

Detect Magic

DESCRIPTION

Sense whether magical effects are present within 30 ft. If you detect any, take a Magic action to see faint auras on visible creatures or objects bearing the magic in that area. Learn the school of each effect that comes from a spell.

Blocked by 1 ft. of stone, dirt, or wood, 1 in. of metal, or even a thin lead sheet.

REVERSE / SPELL

Detect Evil and Good

DESCRIPTION

Within 30 ft. of you, locate Aberrations, Celestials, Elementals, Fey, Fiends, Undead, and any active Hallow.

Blocked by 1 ft. of stone, dirt, or wood, 1 in. of metal, or even a thin lead sheet.

REVERSE / SPELL

Cure Wounds

DESCRIPTION

Touch a creature to restore 2d8 HP plus your spellcasting ability modifier.

AT HIGHER LEVELS

Restore another 2d8 HP per slot level above 1.

REVERSE / SPELL

Divine Smite

DESCRIPTION

Cast immediately after landing a hit with a melee weapon or an Unarmed Strike. Add 2d8 Radiant damage to the hit, or 3d8 if the target is a Fiend or Undead.

AT HIGHER LEVELS

Add another 1d8 Radiant per slot level above 1.

REVERSE / SPELL

Divine Favor

DESCRIPTION

Each hit you land with a weapon deals an additional 1d4 Radiant damage while the spell lasts.

REVERSE / SPELL

Detect Poison and Disease

DESCRIPTION

Within 30 ft. of you, locate and identify poisons, poisonous or venomous creatures, and magical contagions.

Blocked by 1 ft. of stone, dirt, or wood, 1 in. of metal, or even a thin lead sheet.

20 mm | A4 at 100% / actual size | Flip on long edge | front 3/4

REVERSE / SPELL

Purify Food and Drink

DESCRIPTION

Choose a point within range. Clear poison and spoilage from all nonmagical food and drink within 5 ft. of that point.

REVERSE / SPELL

Protection from Evil and Good

DESCRIPTION

Ward a willing creature you touch against Aberrations, Celestials, Elementals, Fey, Fiends, and Undead. They have Disadvantage when attacking it and cannot make it Charmed or Frightened, or possess it.

If one of those creatures already imposed such an effect, the warded creature has Advantage on any new save against it.

REVERSE / SPELL

Heroism

DESCRIPTION

Touch a willing creature. For the duration it is immune to Frightened and receives Temporary HP equal to your spellcasting ability modifier at the start of each of its turns.

AT HIGHER LEVELS

One more willing target per slot level above 1.

REVERSE / SPELL

Thunderous Smite

DESCRIPTION

Cast immediately after landing a hit with a melee weapon or an Unarmed Strike. Add 2d6 Thunder damage. The boom carries 300 ft. from you. A creature hit must make a Strength save. On a failure, push it 10 ft. away from you and knock it Prone.

AT HIGHER LEVELS

Add another 1d6 Thunder per slot level above 1.

REVERSE / SPELL

Shield of Faith

DESCRIPTION

One creature you choose within range gets +2 AC until the spell ends.

REVERSE / SPELL

Searing Smite

DESCRIPTION

Cast immediately after landing a hit with a melee weapon or an Unarmed Strike. The hit adds 1d6 Fire damage. At the start of each of the target's turns, it takes another 1d6 Fire, then makes a Constitution save. A success ends the spell.

AT HIGHER LEVELS

Increase both the initial and recurring Fire damage by 1d6 per slot level above 1.

REVERSE / SPELL

Wrathful Smite

DESCRIPTION

Cast immediately after hitting a creature with a melee weapon or an Unarmed Strike. Add 1d6 Necrotic damage. On a failed Wisdom save the creature is Frightened. It repeats the save at each turn's end, ending the spell on itself if it succeeds.

AT HIGHER LEVELS

Add another 1d6 Necrotic per slot level above 1.
